I, the owner, request approval for the change(s) to my property indicated below. I understand that work may NOT BEGIN until these changes have been approved by the Architectural Committee (ACC). I further understand that once started, the changes must be completed in a reasonable time. Satisfaction of inquisitions and acquisitions of all building permits, licenses, setbacks, local codes and inspections are my responsibility. I also understand that if my homeowner association fee is delinquent, I will be denied on the basis of the account delinquency. Once the association fee is in a current status (including any and all fines or other outstanding debt to the homeowner association), the ACC will only then promptly review and act on the request. The ACC is not responsible for verifying current status and response time requirements.
